### Narrator

Listen to a conversation between two students.

### Female student

Hey Steve! are you ready for classes to start?

### Male student

Not really! There is still a big conflict in my course schedule.

### Female student

What's wrong?

### Male student

This is my last semester, and I've still got two required courses left to take in order to finish my literature degree.

### Female student

OK?

### Male student

I have to take both History of the Novel and Shakespeare, or I can't graduate. Problem is the two courses meet at the same time.

### Female student

Uh oh! What are you gonna do?

### Male student

Well, I talked to the professor who's gonna teach Shakespeare. He said I could do an independent study to fulfill that requirement.

### Female student

How would that work?

### Male student

I'd read the assigned texts on my own, do all the same assignments and meet with them when I need to, if I have any questions.

### Female student

Well, that sounds like a good way to fulfill the requirement.
